February 24-26.....	3rd Annual International World of Wheels, Anchorage
May 18-20.....	2nd Annual International World of Wheels, Fairbanks
July 15.....	6th Annual Show & Shine

JANUARY MEETING

This month's meeting will be Monday, January 23, at the Plumbers and Pipefitters Hall at 610 W. 54th Avenue. This will be the last regular meeting before the parade and the car show, so please come and give your assistance.

### RONDY PARADE

Charles Stennette and Wally Graham are heading up the parade, so expect to be contacted by them. In fact, surprise them and give them a call!!! I am sure they will be putting together something interesting.

---

### WORLD OF WHEELS

The wheels are still turning full steam ahead for the 3rd Annual International World of Wheels to be held February 24-26 at the William Egan Convention Center. WE have had a lot of interest from many people who would like to enter their vehicles. The building should be first class, and at this time it looks like it will be finished in time. We will accept any and all help if you are so inclined. There will be a T-shirt, stanchion and rope, car trailer, building layout, club booth and any other committee that is needed. The celebrity guest is still unknown. We are also still open to entries, so if you know of any let me know.

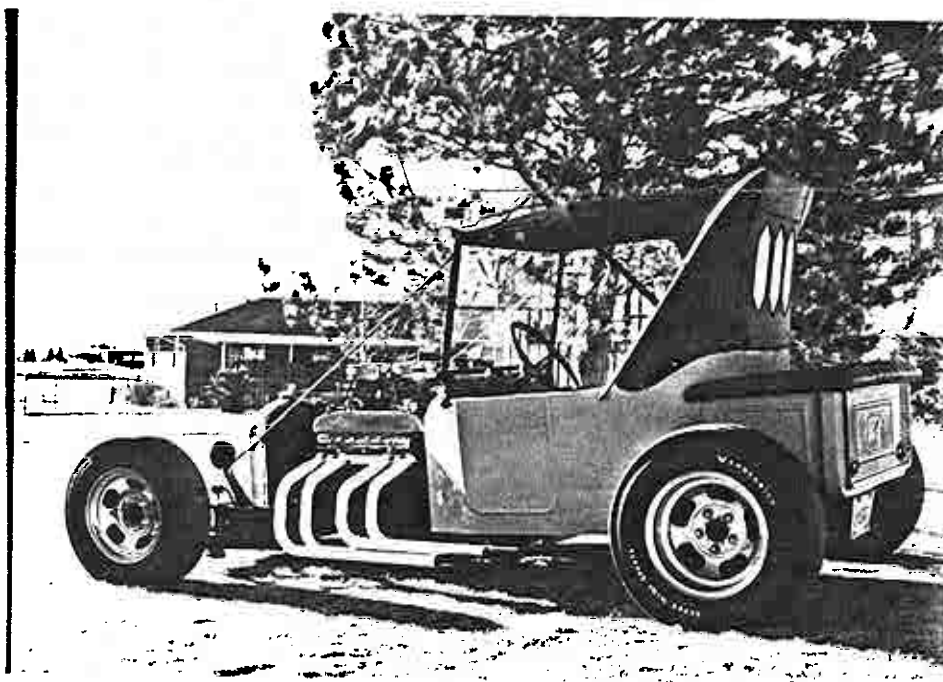

---

### WORLD OF WHEELS - FAIRBANKS

I spoke to Carolyn King the other day, and the 2nd Annual International World of Wheels in Fairbanks will be May 18-20 at the North Star Terminal Building. The show will be produced by the Arctic Wheels Street Rod Association, as they are now a member of the International Auto Show Producers Association and own the franchise for Fairbanks. They have things organized and are working already to put on a good show. They would like to invite all the Anchorage cars that wish to participate.

## PRESIDENT'S MESSAGE

First and foremost, I would like to thank you for your trust in electing me for the coming year. I have enclosed a couple pictures of past and present cars from my collection to give my credentials for the position. The Buick is a '69 California GS with approximately 40,000 miles at present. I have owned it since May of '69 and intend to pass it to my kids when they are as old as I am.

The '55 Ford Crown Victoria was a basket case that I rebuilt and then sold to keep myself from lowering the lid a couple inches (Hot Rodders never grow up!). The "T" that I am presently collecting parts for should look like the one pictured. I started building that one in 1964 and sold it in 1977 to gather garage space for the "Crown". I am now paying for selling it -- parts sure are more expensive now.

Now -- on to the business at hand. The World of Wheels will be upon us before long and as usual, any volunteers will be greatly appreciated. After the show is over, we would be pleased to get ideas for projects, events, etc. that you would like to participate in. I don't want to be a president running the club, but would be much more comfortable helping the members run it. So let's hear from you. Speaking of running the club, Ed Park has been appointed to the Board of Directors for the first term of 1984. As show chairman and past president, I felt his assistance would be more than valuable. Jack Hill has also accepted appointment to the Board, which gives us, as usual, a tremendous group to work with. I am looking forward to '84.

See you at the meeting, January 23rd.

Glen

## RAMBLINGS

Harold Black has his 34 Ford five window coupe for sale, he wants a 36 Ford roadster (I knew Harold had good taste). . . . Mike Bulkeley would like to sell his 27 T roadster and buy a coupe - can someone out there help these guys out. . . . Bill Carlson will be driving his 351 ci Ford-powered Pinto in the Fur Rondy car races downtown over the weekend of February 11 & 12, so cheer him on. . . . Hector Cortez's garage is unheated so he ends up using his new welder to thaw his 28 Ford out everytime he wants to work on it. He is putting the engine together now. . . . Bill Demming is getting ready to lower the lid on his 32 Ford five window. . . . Terry Dufour is all set up now to do industrial sand blasting, so if anyone needs some expert blasting done by a body/paint man, give him a call. . . . Bernie Edwards recently rolled David Wise's 32 Ford five window out of his garage and he is now ready for Bill Demming's 32 Ford five window. . . . Wally Graham is putting a bolt here and a bolt there to his 32 Ford five window (am I stuttering) chassis, hoping to have it ready for this summer. . . . Ross Jardine is repairing the paint damage to two fenders on his 36 Ford five window. . . . Kathy Payne's 30 Ford 2 door recently won first place in the pre-1950 rod division at the Ardmore, Oklahoma, car show that was held the first weekend of December. . . . Steve Taylor's 33 Plymouth five window is all finished and ready for the World of Wheels...Congradulations to the new officers of the Classic Chevy Club of Anchorage. President-Mark Lewis/ Ross Woodman; Vice-President-Russ Guinn; Secretary-Trudy Boissonneau; Treasurer-Julie Deherr.
